

UNIC CITY LAB 2021: RESILIENT ZAGREB, PHASE II.

After more than 20 hours of virtual discussions
within 10 sessions with 184 participants and over 260 participations

**we have recognised strong resilient capacities
of the city of Zagreb**

**And detected areas in which resilience could and should be strenghten
as a response to:**

**1. Lack of comprehensive crisis managment system starting from risk
prevention to recovery, and lack of vision for future development**

2. Inadequate crisis communication

**3. Insufficient sensitivity for vulnerable social groups and lack of
inclusive perspective in crisis management system**

**4. Insufficient knowledge, skills and mindset, both for citizens and
generalist proffesionals, how to deal with crisis, prevent risks and
activate numerous resources**

June 29th and 30th, 2021 ONLINE

**YOU ARE ALL INVITED TO SECOND PHASE OF ZAGREB CITY
LABS WHERE WE EXPECT TO GENERATE INNOVATIVE,
RELEVANT AND APPLICABLE SOLUTIONS FOR LISTED ISSUES**

YOU CAN APPLY VIA LINK:
